¹⁾ As outlined in section 6 of the Call for proposals (subsection 'Consortium composition'), proposals must be submitted by a consortium of applicants (beneficiaries; not affiliated entities) which complies with the following conditions:

- **at least six independent entities** from at least **three different eligible countries**;
- **at least one social economy 'enabling organisation'** (intermediary) per participating country involved in the consortium; the organisation can be operational at **national, regional or local level**;
- **a minimum one and a maximum two support organisations active at EU level** representing social economy entities (such as sectorial member federations and associations or networks).

The eligibility requirement of at least one social economy 'enabling organisation' (intermediary) per participating country involved in the consortium (second bullet point above) does not apply to EU level support organisations. This means that the country(-ies) of registration of participating EU level support organisations do not count for the purpose of fulfilling the eligibility requirement in the second bullet point.

² Please insert each participating organisation's short name in the form and order as listed in Part A of the Application Form.

³ These organisations can be established as business support organisation, incubator & accelerator, sectoral federation or association representing social economy entities, providing support services to social economy entities or federate social entities *at local, regional or national level*.
