Implementing co-funded action plans for connected regional innovation valleys

HORIZON-EIE-2023-CONNECT-03-01
Eligibility conditions

Participation, as beneficiaries of:

• At least **five (5) national or regional authorities** from at least five (5) **different** Member States or Associated Countries, of which,

  ✓ at least **two (2) are representing a 'moderate' or 'emerging' innovator region** and

  ✓ at least **one (1) is representing a 'strong' or 'innovation leader' innovator region**
Who can apply? (2)

Target group (indicative)

• National and/or regional innovation authorities (min eligibility requirement)
  [shape innovation policies/programmes and able to provide 50% co-funding]

• Other relevant entities (research institutions, universities, companies, clusters, innovation intermediaries, etc.)
  ✓ as beneficiaries (able to provide 50% co-funding) - for HE eligible countries
  ✓ as associated partners - for HE non-eligible countries
Implementing co-funded action plans for connected regional innovation valleys
HORIZON-EIE-2023-CONNECT-03-01

This action is intended to create connected REGIONAL INNOVATION VALLEYS across EU, involving regions with lower innovation performances and building on strategic areas of regional strength and specialization (in support of key EU priorities).

Successful applicant regions get the label.

Objective

Strong innovation ecosystems across the EU, by accelerating the development and deployment of innovation, including deep tech innovation, to address the most burning challenges facing the EU
Expected outcomes:

• Open, inclusive, efficient, connected innovation ecosystems, for joint definition of visions/strategies

• Synergies, complementarities, collaboration notably in thematic/technological areas (+ deep-tech) critical for EU value chains while tackling challenges of EU interest

• Increased innovation capabilities in MS/AC, allowing innovators to bring their ideas into the market, and innovations to be scaled up at EU level

• Better links between territories and actors

• More innovation co-investments, fostering other funding leverages (COFUND).
Implementing co-funded action plans for connected regional innovation valleys
HORIZON-EIE-2023-CONNECT-03-01

**Scope**

*Authorities* in charge of **public national, regional or local** innovation policies & programmes in cooperation with **private** and **Research & Innovation actors** to **implement** multi-annual joint activities (action plans) towards **innovation deployment / development**, aimed at tackling **challenges** at EU, national, regional and local level.
Proposals should:

- Present joint strategic visions, their commitment and agreed innovation action plans (+details in annual work plans)

- Explain the need and the reasons for the selection of:
  - the action plan; should be scalable, strong EU added value
  - a strategic thematic/technological area of cooperation;
    (potential for growth/competitiveness; contribution to Joint or EU priorities and HE missions)

- Highlight how cooperation will improve the EIE efficiency/performance

- Describe the activities, process and R&I assets and ensure:
  a) inclusiveness & diversity (actors + territories)
  b) participation of private actors (implementation + co-funding)
  c) complementarity and synergies with funds, policies/strategies, programmes

- How the consortium will implement these activities, clear targets (+indicators), long term commitment (LoI)
Implementing co-funded action plans for connected regional innovation valleys
HORIZON-EIE-2023-CONNECT-03-01

Include an **ACTION PLAN**

### CORE COLLABORATIVE ACTIVITIES
- Coordination and support actions (CSA-type) - Horizontal actions
  - e.g.
  - structures/tools for networking and coordination
  - sharing/access to best practices, services, resources
  - join knowledge assets (methods/data/processes)
  - interconnection of innovation hubs
  - market analysis – access to new markets/finance
  - training/skills development
  - open infrastructures’ interconnection
  - supportive activities for scaleup of innovative solutions
  - joint public procurement
  - social innovators / civil society integration

- Final agreement on joint action plan
- Preparation of setting up joint calls

### JOINT INTERREGIONAL PROJECTS (FSTP)
(*at least 50% of the total budget)

Joint open calls:
- At least 3 multi-beneficiary projects
- Similar to HE Innovation Action (IA) – type (TRL 6-8)
  - Collaboration of R&I actors of participating regions
- Specific thematic/technological area (+deep-tech)
  1. Reducing reliance on fossil fuels
  2. Increasing global food security
  3. Mastering the digital transformation (+ cybersecurity)
  4. Improving healthcare
  5. Achieving circularity
- Concrete / tangible outcomes by end of project
- Managed in a coordinated manner (portfolio / links)

Proposals should:

1. Reducing reliance on fossil fuels
2. Increasing global food security
3. Mastering the digital transformation (+ cybersecurity)
4. Improving healthcare
5. Achieving circularity

Implementing co-funded action plans for connected regional innovation valleys
HORIZON-EIE-2023-CONNECT-03-01
Implementing co-funded action plans for connected regional innovation valleys

HORIZON-EIE-2023-CONNECT-03-01

Example of proposal budget / actions (EIE)

TOTAL PROJECT BUDGET (ACTION PLAN)
EUR 20 m

CORE COLLABORATIVE ACTIVITIES
Total: EUR 6 m (30%)

EC funding
EUR 10 m (50%)

National / regional /local/ private co-funding
EUR 10 m (50%)

50% rate to all beneficiaries and activities

+ EUR 3 m

JOINT INTERREGIONAL PROJECTS (FSTP)
Total: EUR 14 m (70%)

*at least 50% of the total budget

+ EUR 7 m

+ EUR 7 m

EUR 10 m (50%)
EUR 3 m

EUR 7 m
EUR 7 m
2. Financial Support to third parties (FSTP)
Example – Info on Financial Support to third parties (FSTP)

**JOINT INTERREGIONAL PROJECTS (FSTP)**

- **PROVISIONS/MODALITIES OF CALL:** In proposal
- **WHAT FORM?** Grants
- **WHO?** Multi-beneficiaries projects. Recipients: R&I actors established in participating regions.
- **HOW MUCH?** Max EUR 600 000 (per FSTP recipient and per grant)
  
  e.g. recipient **X** for all 3 projects

No double funding of same cost item!
Example - Financial Support to third parties (FSTP) – Budget

**JOINT INTERREGIONAL PROJECTS (FSTP)**

*Call requirement:* Allocate at least 50% of the action plan’s total budget to interregional innovation projects (FSTP)

[Action plan budget = total project budget = total eligible costs]

### 3 - Budget (table of Part A of proposal)

<table>
<thead>
<tr>
<th>No.</th>
<th>Name of beneficiary</th>
<th>Country</th>
<th>Role</th>
<th>Personnel costs €</th>
<th>Subcontracting costs €</th>
<th>Purchase costs - Travel and subsistence €</th>
<th>Purchase costs - Equipment €</th>
<th>Purchase costs - Other goods, works and services €</th>
<th>Financial support to third parties € (actual cost)</th>
<th>Internally invoiced goods and services € (Unit costs - usual accounting practices)</th>
<th>Indirect costs €</th>
<th>Total eligible costs €</th>
<th>Funding rate</th>
<th>Maximum EU contribution to eligible costs</th>

<td>1 506 875.00</td>
</tr>
</tbody>
</table>

Allocate at least 50% of Total eligible costs to FSTP.
Financial Support to third parties (FSTP) – TRL levels

**JOINT INTERREGIONAL PROJECTS (FSTP)**

**Maturity of innovation (TRL levels)**

- TRL 6 – technology demonstrated in relevant environment
- TRL 7 – system prototype demonstration in operational environment
- TRL 8 – system complete and qualified
- TRL 9 – actual system proven in operational environment

Ref: HE General Annexes (Annex B)
Rules & Legal base for Financial Support to third parties (FSTP)

**JOINT INTERREGIONAL PROJECTS (FSTP)**

- No specific call requirements *(apart from max EUR 600 000 per third party)*
- Beneficiaries responsible to set call conditions

▶️ Dedicated annex on FSTP to be filled in with your proposal (Part B).

- Legal base:
  - **General Annexes to the Horizon Europe WP 2023-2024** (B. Eligibility)
  - **Horizon Europe Model Grand Agreement** (Art.6.2.D.1 & Art 9.4)
Legal base for providing Financial Support to third parties (FSTP)

JOINT INTERREGIONAL PROJECTS (FSTP)

Horizon Europe Model Grand Agreement (Art.6.2.D.1)

The proposal must include the implementation conditions of the support and ensure objective and transparent selection procedures and include at least the following elements:

1. the maximum amount to be granted to each third party (max EUR 600,000)
2. the criteria for determining the exact amount.
3. a closed list of the different types of activities that qualify for financial support
4. the persons or categories of persons that will be supported
5. the criteria and procedures for giving financial support
6. The measures to avoid potential conflicts of interest or unequal treatment of applicants

General Annexes to the Horizon Europe WP 2023-2024 (B. Eligibility)

Applicants must clearly describe the objectives and the expected results incl. the elements listed in the application template

The following conditions must also be fulfilled:

- calls to be published widely and to adhere to EU standards of transparency, equal treatment, conflict of interest and confidentiality
- calls must be published on the F&T Portal and on the beneficiaries’ websites
- calls must remain open for at least 2 months;
- if submission deadlines are changed, this must immediately be announced and registered applicants must be informed of the change
- projects must publish the outcome of the calls without delay – incl. description of projects, date of the award, duration, the legal name & country
- the calls must have a clear European dimension

The beneficiaries must ensure that:

- that their contractual obligations under Articles 12 (conflict of interest), 13 (confidentiality and security), 14 (ethics), 17.2 (visibility), 18 (specific rules for carrying out action), 19 (information) and 20 (record-keeping) also apply to the third parties receiving the support (recipients)
- the bodies mentioned in Article 25 (e.g. granting authority, OLAF, Court of Auditors (ECA), etc.) can exercise their rights also towards the recipients.
3. Proposal templates
Proposal templates

Applicants should submit:

- **Part A** - Forms & budget
- **Part B** - Technical info (main proposal – max 70 pages for COFUND)

**Annexes:**

1. **Annual Work plan** (for 1st year of project)
2. **Financial Support to Third Parties (FSTP) info**
3. **Letter of intent** (coordinator on behalf of beneficiaries)
4. **Additional information – beneficiaries** (xls. file - for policy and statistical purposes)
Proposal templates – Annex: Letter of intent (LoI)

(filled in and duly signed and dated by coordinator on behalf of beneficiaries)

**LETTER OF INTENT**

I, the coordinator, on behalf of the beneficiaries of the project, **confirm our commitment** to support the proposal submitted in response to the Horizon Europe call HORIZON-EIE-2023-CONNECT-03 and all its relevant requirements (including the 50% co-funding).

To confirm our commitment, we agree in case the proposal is successful to submit to the granting authority (EISMEA) at the time of the grant preparation letters of commitment of the remaining co-fund budget provided by the relevant beneficiaries (national/regional funds or private funds) covering the **first two (2) years** of implementation of the project.

The absence of such letter will impede/block the signature of the grant agreement.

Additional information *(mandatory)*:

*[insert short text (per beneficiary)]*:

a) The role of the beneficiary in the project;
b) How the beneficiary ensures its commitment to the project, including the 50% co-funding.  
Please indicate the **source of the required 50% of complementary funding** (e.g. national and/or regional, EU funding or private funding).
Proposal templates – Annex: Additional info (xls file)

Please check the FAQs in the portal for the call!

Click the link!
Implementing co-funded action plans for connected regional innovation valleys
HORIZON-EIE-2023-CONNECT-03-01

General

Can a proposal focus in more than 1 thematic/technological area?
Yes. Proposals should be challenged-based. Applicants are encouraged to prepare proposals focused/targeted in 1 area (reducing reliance on the fossil fuels, food security, digital, healthcare, circularity), including deep-tech. Depending on challenge, proposals may cover more than 1 areas.

Can an applicant submit/participate in several proposals?
Yes. No restriction, as long as proposals have different objectives/activities, and no double funding of the same cost item.

How the COFUND call is linked to the “preparatory action” CSA calls in 2021 and 2023?
• CSA topic (2021, 2023) finance the preparation of joint action plans (i.e. explore areas/ways of cooperation, concretise, co-design)
• COFUND topic (2023) finance the implementation of mature long-term joint action plans (already agreed areas, actions..)

Will successful projects of the “preparatory action” call (2021, 2023) get automatically financing for their implementation via the COFUND call (2023)?
Competitive call. Not linked actions. Not automatic funding. Operationally, successful 2021 projects may have some outcomes ready to feed in a proposal under the COFUND call, with some adjustments (objectives, links with NEIA, consortium, etc.).

FAQs (1)
General

Implementing co-funded action plans for connected regional innovation valleys
HORIZON-EIE-2023-CONNECT-03-01

General

Can a proposal focus in more than 1 thematic/technological area?
Yes. Proposals should be challenged-based. Applicants are encouraged to prepare proposals focused/targeted in 1 area (reducing reliance on the fossil fuels, food security, digital, healthcare, circularity), including deep-tech. Depending on challenge, proposals may cover more than 1 areas.

Can an applicant submit/participate in several proposals?
Yes. No restriction, as long as proposals have different objectives/activities, and no double funding of the same cost item.

How the COFUND call is linked to the “preparatory action” CSA calls in 2021 and 2023?
• CSA topic (2021, 2023) finance the preparation of joint action plans (i.e. explore areas/ways of cooperation, concretise, co-design)
• COFUND topic (2023) finance the implementation of mature long-term joint action plans (already agreed areas, actions..)

Will successful projects of the “preparatory action” call (2021, 2023) get automatically financing for their implementation via the COFUND call (2023)?
Competitive call. Not linked actions. Not automatic funding. Operationally, successful 2021 projects may have some outcomes ready to feed in a proposal under the COFUND call, with some adjustments (objectives, links with NEIA, consortium, etc.).
Can only national / regional innovation authorities participate under the call as beneficiaries?
• No. Any innovation entity is eligible to participate from MS/AC or other HE eligible Third countries, as long as:
  a) the minimum eligibility criterion is met; b) they are committed to provide the 50% remaining co-funding.
• No other restriction (type of partners, role, coordinator)
• Cities/municipalities (local authorities) are eligible (but not included in min eligibility criterion)
• Consortium composition may be evaluated (inclusiveness)
• Other entities can be also end-beneficiaries via FSTP joint calls.

What would be the optimal size of a consortium?
The topic does not define any optimal size of the consortia only min eligibility criterion.
Is the FSTP part mandatory under the call?
Operationally, FSTP is an integral part of the call:
✓ the proposal should include provisions and modalities for the competitive selection and funding (joint open calls implemented via FSTP) of at least 3 interregional innovation projects
✓ proposals should allocate at least 50% of the total budget to these interregional projects (FSTP).

What FSTP rules/requirements apply to the calls?
• Interregional projects (FSTP) to absorb at least 50% of the total eligible costs.
• Max amount per end-beneficiary and per grant: EUR 600,000 (no double funding!)
• Consortia: responsible for the joint open calls and implementation modalities/provisions (in line with legal base).

How extra public and private funding can be leveraged?
Partner regions (beneficiaries) may mobilise further:
✓ public funding by launching open calls targeting additional regions (not only those participating in the proposal);
✓ private funding by lowering the FSTP funding rate
→ The beneficiaries will report only the eligible costs related to the project (budget table Part A).
CO-FUND Rate

How the applicants can cover the co-financing of 50% (COFUND)?

Entirely up to beneficiaries to choose the source of the financing (e.g., own resources, other funding, loans, etc...).

Can be covered by any other:
✓ public (national, regional or a combination of both) or
✓ private sources (e.g. participating companies, associations, etc.)

Is there a possibility of combining HE and Cohesion policy funds for the projects’ co-funding?

Yes, provided it complies with the Common Provisions Regulation (CPR) 2021-2027.

Relevant articles: CPR Article 73(2)(4), HE Article 15, also General Block Exception Regulation (GBER) Article 25c].

Implementing co-funded action plans for connected regional innovation valleys
HORIZON-EIE-2023-CONNECT-03-01

5. Annex
## Definitions (in part B of proposal)

| Co-fund action | An action to provide multi-annual **co-funding to a programme of activities** established or implemented by legal entities managing or funding R&I programmes, other than Union funding bodies; such a programme of activities may support networking and coordination, research, innovation, pilot actions, and innovation and market deployment actions, training and mobility actions, awareness raising and communication, dissemination and exploitation, and provide any relevant financial support, such as grants, prizes and procurement, as well as Horizon Europe blended finance or a combination thereof. |
| Deep tech | Deep tech innovation aims to provide **concrete solutions to our societal problems** by finding its source in a deep interaction with the most recent scientific and technological advances and by seeking to produce a profound impact in the targeted application areas. |
| Interregional Innovation Investments (I3) Instrument | The I3 Instrument is a new Cohesion Policy tool focusing on existing interregional partnerships that emerged around concrete smart specialisation strategies. |
| Innovation action | An action primarily consisting of activities directly aiming to produce plans and arrangements or designs for new, altered or improved products, processes or services, possibly including prototyping, testing, demonstrating, piloting, large-scale product validation and market replication. |
| Regional Innovation Valley | A regional innovation valley has to meet the following main conditions:

1. **Enhance the coordination and directionality of the region’s R&I investment and policies**, at regional level in support of key EU priorities and to address the most burning challenges facing the EU.
2. **Engage, building on shared or complementary smart specialisation areas** (where applicable) in interregional collaboration to develop innovation, including deeptech innovation, and help [increase innovation cohesion by addressing Europe’s persistent innovation divide] between regions at different levels of development and/or innovation performance by including regions with lower innovation performance;
3. **Strengthen and connect their regional innovation ecosystems**, including for example through joint innovation action plans to constitute connected regional innovation valleys] building on their Smart Specialisation Strategies (containing milestones and targets) and, where applicable, on the participation in the Partnerships for Regional Innovation (PRIs). |
Thank you!

Outline of the presentation:

- Policy background
- Strand 1 & 2a
- Differences between Strand 1 & 2a
- Financial support to third parties (FSTP)
- Links between I3 & RIVs
Policy background: I3 Work Programme 2023-2024

Building on Work Programme 2021-2022 – maintaining what worked, updates following expert and stakeholder feedback:

- **Continued & updated:** thematic priorities of twin transition and smart manufacturing carried over, however additional emphasis on burning challenges and link to the *New European Innovation Agenda*, RIV;

- **Continued:** focus on capacity building (new Call to come);

- **New:** S3 community of practice launched to support partnerships, umbrella for regional innovation stakeholders, linking ideas, facilitating consortia creation;

- **NEW:** strengthened cohesion policy dimension – first call results, stronger integration of the less developed regions into EU value chains, more partners from the less developed regions to be included in I3 consortia;

- **NEW:** same indicative project size for both strands;

- **NEW:** 100% rate for cascade funding;

- **NEW:** simplification – S3 support letter from the coordinator only, consortia members to outline link to S3 within the application
Eric KOCH
Project Adviser, Unit EISMEA I.01
EU and place-based Innovation Ecosystems
Strand 1 & 2a

Financial and advisory support for investments in interregional innovation projects
I3 Strands

**Strand 1** | Investment & advisory support for interregional innovation projects in shared smart specialisation areas

**Strand 2a** | Investment & advisory support for interregional innovation projects for the development of value chains in less developed regions

**Strand 2b** | Capacity building for the development of value chains in less developed regions

Technical assistance & experimentation

€ 570 million (2021-2027)
Burning challenges – New European Innovation Agenda

- Reducing the reliance on fossil fuels
- Increasing global food security
- Improving healthcare
- Mastering the digital transformation
- Achieving circularity

Burning challenges
Thematic priorities

Strand 1
Financial and advisory support for investments in interregional innovation projects

Green transition

Digital transition

Strand 2a
Financial and advisory support to the development of value chains in regions

Smart manufacturing
Eligible activities

VALUE CHAIN INVESTMENT PORTFOLIOS
Implementation of Investments “new to Europe” or “new to the application sector”.

Commercialisation activities bringing innovative ideas & products to the market (new to Europe, new to the sector)

Collaborative joint innovation activities in shared S3 areas

Test beds & post prototyping activities

Validation & testing in real environment (demonstration, innovation activities developed with end users)

Instrumental to bring innovative ideas and new products to the market
Key dimensions & KPIs

- Interregional dimension
- Investment dimension
- Innovation dimension
- Value chain dimension
- Gender balance dimension
- IPR dimension
- Socio-economic benefits
Interregional Dimension

Q-helix partnerships on behalf of a regional / national ecosystems

Endorsed by competent bodies for Smart Specialisation

Different types of regions at the appropriate NUTS level

Minimum conditions in terms of ecosystems involved
(different for strand 1 and 2a)
Innovation Dimension: all type of Innovation

**Innovation** (Oslo Manual): New or improved products, processes, services, technologies or business models made available to markets, governments and society. Uptake of innovative technologies or solutions (TRL 6-9)

<table>
<thead>
<tr>
<th>Product innovation</th>
<th>Process innovation</th>
<th>Marketing innovation</th>
<th>Organisational innovation</th>
</tr>
</thead>
<tbody>
<tr>
<td>A good or service that is new or significantly improved.</td>
<td>A new or significantly improved production or delivery method.</td>
<td>A new marketing method involving significant changes in design or packaging, product placement, promotion or pricing.</td>
<td>A new organisational method in business practices, workplace organisation or external relations.</td>
</tr>
</tbody>
</table>
Investment dimension

- 70% from the total eligible costs invested in SMEs
- Tangible and Intangible investments
- Investment justified by a market analysis or a business and investment plan
- Identified time to market or the TRL of departure (requirement TRL 6-9)
- Defined private/public investments leveraged by the project
- Multilevel architecture of the investment project (national, regional, European)
- Evidence based, expected territorial impact

PORTFOLIO APPROACH:

identification, within a specific thematic/technological area of cooperation, of a number of investment-ready sub-projects that address one or several challenges/ bottlenecks faced by the consortium
Project budget and duration, funding rate

- **Project size**: €2 – 10 million
- **Duration**: 18 – 36 months
- **Funding rate**: 70% for all cost categories & beneficiaries EXCEPT 100% for costs of FSTP

**€ 31 million/strand 2023**
Admissibility

• Application Form Part A — administrative information about the participants
• Application Form Part B — the technical description of the project
• Part C - additional project data (TRL, innovation type, NUTS level etc.)

Documents

• Detailed budget table
• CVs (short outlines) of core project team
• Letter of support/endorsement
The letter of endorsement/support

• Submitted by the project coordinator

• Should be from the competent regional or national institution or body, responsible for the management of S3

• Compulsory for the coordinator and optional for the partners

• In case of multiple consortia members coming from the same region, **only one letter** is required

• Must be submitted before the call deadline

*Regional Innovation Valleys recognition:

- Sign letter of endorsement
- Tick the RIV box
- Sign Grant Agreement

Financial support to third parties scheme (FSTP)
FSTP or ‘Cascade funding’ – What it is?

Financial support to third parties (FSTP) is a mechanism that allows funding to beneficiaries that are not identified in the Grant Agreement as members of the eligible consortium.
FSTP in your proposals

Under these calls, applicants have the possibility to include FSTP in the form of “Cascade funding”

How to “use” FSTP?

• FSTP allows to select SMEs during the implementation phase, in order to contribute to the investment project by carrying out necessary and missing tasks

• Examples: to complete a specific value chain, to offer a specific groundwork for testing and optimising products and production processes, for the exploration of new processing technologies

• FSTP could contribute to achieve the call objective to allocate at least 70% of the total eligible costs to investments in companies, with a focus on SMEs
FSTP– What are the rules for I3 calls?

The costs for FSTP will be reimbursed at the funding rate fixed in the Grant Agreement: 100% (funding rate for all other cost categories = 70%!).

Costs for providing FSTP cannot exceed 30% of the total eligible costs.

Cost for FSTP are allowed only for grants.

Max amount of Financial Support for each third party ('recipient') may not exceed EUR 60 000.

The recipients must be SMEs that are established in the regions covered by the consortium or in another less developed region or in an outermost region;

For more details (e.g. FSTP call publication etc.), please consult section 6 of the call document.
