The Policy Context: The FARM to FORK STRATEGY

Establish a sustainable food system that:

- has neutral or positive environmental impact of food production:
  - preserving and restoring the land and sea-based resources;
  - mitigate climate change and adapt to its impact;
  - reversing the loss of biodiversity;

- ensures food security and public health:
  - Access for everyone to sufficient, nutritious, sustainable food;
  - high standards of safety and quality, plant health, animal health and welfare

- preserves the affordability of food, while (a.o.):
  - generating fairer economic returns & fostering the competitiveness sector
  - promoting fair trade
  - safeguarding occupational health and safety
  - ensuring integrity of the single market

Food security and food safety are cornerstones of our food system, and will never be compromised
Themes 1-5 of the European Agri-food Sustainability Cluster Partnerships

1. Improve the nutritional composition and environmental footprint of food products/meals
2. Optimise and develop innovative solutions to prevent food waste during transportation, distribution, home storage and use
3. Identify and implement measures to improve the material efficiency of processes
4. Optimise the use of raw materials through valorisation
5. Improve collaboration along the food supply chain to minimise food losses and waste
Themes 6-10 of the European Agri-food Sustainability Cluster Partnerships

- Reduce energy use and improve energy efficiency for production through the use of less energy-intensive and low-carbon technologies
- Increase the use of renewable energy sources
- Improve water-efficiency
- Reduce net emissions by applying sustainable bio(-economy)-based solutions
- Improve sustainability of food and drink packaging
Where do those thematic priorities originate from? The EU Code of Conduct on Responsible Food Business and Marketing Practices

- The Code is an essential part of the Farm to Fork strategy and of the efforts to increase the availability and affordability of healthy, sustainable food options that help reduce our overall environmental footprint.

- It proposes a collective path for all actors in the food chain in Europe's transition towards a fair, healthy and environmentally friendly food system.

- It identifies the actions that the actors ‘between the farm and the fork’, such as food processors, food service operators and retailers, can undertake to improve their sustainability performance.

- These actions can be directly implementable within their own operations or may encourage collaboration with industry peers and other food system stakeholders (such as farmers and consumers) to make similar changes.

- It was co-created in 2021 by agri-food stakeholders, in a Task Force chaired by FoodDrinkEurope with EU associations, companies, international organisations, NGOs, trade unions, and trade associations.
Aspirational Objectives of the EU Code of Conduct on Responsible Food Business and Marketing Practices

The Code includes a set of **seven aspirational objectives**, each with specific targets and a list of indicative tangible and measurable actions:

1. Healthy, balanced and sustainable diets for all European consumers
2. Prevention and reduction of food loss and waste
3. A climate neutral food chain in Europe by 2050
4. An optimised circular and resource-efficient food chain in Europe
5. Sustained, inclusive and sustainable economic growth, employment and decent work for all
6. Sustainable value creation in the European food supply chain through partnership
7. Sustainable sourcing in food supply chains
Complementary instruments and policies

A list of complementary instruments and policies has been made available to complement the Code for signatories. Some elements are particularly relevant for SMEs, including:

2. The Green Transition Support Database on the ECCP
3. The Europe Enterprise Network (EEN) and its sustainability advisors.
4. Transition Pathway for a more resilient, sustainable and digital agri-food ecosystem, under development with stakeholders
5. European Agri-food Sustainability Cluster Partnerships (SMP-COSME-2023-AGRICLUSTER)
Objectives of the European Agri-food Sustainability Cluster Partnerships

Main objective: Establishment of new ‘European Agri-food Sustainability Cluster Partnerships’ supporting the implementation of the EU Code of Conduct by SMEs through resource-efficiency technologies, targeting food processing

Sub-objectives:

• **Networking:** Strengthen existing agri-food industry support organisations

• **Upgrading:** Development of agri-food cluster organisations in more EU regions, support better the resource-efficiency and the sustainability transition of their SMEs.

• **Capacity-building:** long-term sustainability expertise in agri-food clusters, industry support organisations and technology centres on all objectives of the EU Code of Conduct
10 Themes of the European Agri-food Sustainability Cluster Partnerships

The call for proposals covers 10 themes, proposed for the implementation of specific aspirational objectives of the EU Code of Conduct.

Applicants have to choose minimum 1 and maximum 3 themes from the list.

Applicants have to choose at least one theme aiming at improving resource efficiency to directly counter food inflation among themes numbers 3 to 8.

It is strongly recommended to consult at least 50 SMEs per partnerships before determining the theme.

- Reduce net emissions by applying sustainable bio(-economy)-based solutions
- Improve sustainability of food and drink packaging
8 Activities of the European Agri-food Sustainability Cluster Partnerships

The **eight activities** listed below are mandatory:

1) Selection of agri-food SMEs to be supported

2) Identification and presentation of pre-existing best practices

3) Definition of a Common Strategic Agenda

4) Creating a network of agri-food technology centres

5) Appointment of Green Transition Advisors in each agri-food cluster or industry support organization

6) Collective support actions

7) Individual support actions to individual SMEs

8) Communication on the results of the projects and exit strategy
Mandatory Deliverables:

• Catalogue of pre-existing best practices identified (activity 2)
• Catalogue of best practices arising via the SME support (activity 8)
• Conference proceedings of the webinar/conference (activity 4)
• Compilation of the results of the Code of Conduct Webtool assessment by the SMEs (activity 3)
• Common Strategic Agenda (CSA) and roadmap with Key Performance Indicators (KPIs) for the implementation of each theme(s) selected by the partnership and including strategic actions on improving resource efficiency to counter food inflation (activity 3)
• Fiche summarising the support provided to each supported SME (1 page per SME or per group of SMEs; activities 6 and 7)
• 2 Technical Progress Reports not linked to payments
SMART KPIs

1. Number of cluster organisations or business network organisations that benefit from the supported action

2. Number of sustainability investment projects

3. Number of SMEs having directly or indirectly benefited (mandatory minimum: 100)

4. Number of SMEs signing Code of Conduct

5. Number of additional agri-food clusters/ agri-food industry support organisations registered on ECCP

6. Number of pre-existing Best Practices submitted to Green Transition Support Knowledge database (mandatory minimum: 10)

7. Number of best practices created through the SME support and added to the Green Transition Support Database (mandatory minimum: 25).
Thank you!

Eligibility requirements - applicants (1)

Applicants (beneficiaries, affiliated entities) must be:

• legal entities (public or private bodies)
• established in eligible country (EU member states, Ukraine and countries participating in Single Market Programme)
• be or represent an agri-food cluster organisation; industry support organisation or agri-food technology centre
• Primary agricultural producers and the retail part of the agri-food value chain are NOT eligible
Eligibility requirements – applicants (2)

• registered in the Participant Register before submitting the proposal

See here how to register your organisation
Eligibility requirements – Consortium (1)

A consortium of applicants (beneficiaries, not affiliated entities):
• minimum 4 legal entities from 3 different eligible countries
• the coordinator of the consortium must be an agri-food cluster organisation
• in addition to the coordinator at least 2 other agri-food clusters or industry support organisations
• at least one agri-food technology centre
Eligibility requirements - Consortium (2)

NB: Consortium coordinator can NOT submit more than one proposal under this call. Multiple proposals from the same consortium coordinator will be rejected.

Applicants – other than consortium coordinators - may participate in more than one proposal under the same call. But if the same applicant is participating in more than one of the proposals selected for a grant, the applicant will be asked to withdraw from all except one of them or the applicant will be rejected from all proposals.
Financial capacity

For details see Section 7 of the Call document

- Financial capacity: stable and sufficient resources needed to successfully implement the project ⇒ check to be carried out on the basis of docs you will be requested to upload in the Participant Register during grant preparation (e.g. profit and loss account and balance sheet, business plan, audit report produced by an approved external auditor, certifying the accounts for the last closed financial year, etc.).

- Financial Viability of the Coordinator = crucial and to be checked later for successful proposals ⇒ select your Coordinator wisely: Financial capacity self-check simulator

💡 More info on financial capacity assessment
Operational capacity + Exclusion

For details see Section 7 of the Call document

• **Operational capacity**: know-how, qualifications and resources needed to successfully implement the project ⇒ to be assessed under ‘Quality’ award criterion (competence/experience of the applicants and their project teams = staff profiles, participants description, list of previous projects etc.)

• **Exclusion**: see exclusion situations in Section 7
Key mandatory elements

• Maximum grant: EUR 1,000,000

• Project length: between 30 and 36 months

• 8 Mandatory activities

• Choice of themes: out of 10 choose minimum 1 and maximum 3 themes; at least one theme aiming at improving resource efficiency to directly counter food inflation (themes no. 3 to 8).

• Mandatory indicators: some with mandatory minimum to be achieved ⇒ all to be covered.

• Mandatory deliverables
Evaluation procedure

• Proposals passing admissibility and eligibility check ⇒ evaluation based on award criteria.
• Evaluation committee (assisted by independent external experts) will assess all applications and create their ranking.
• 3 external experts reviewing each application
• All proposals will be informed about the evaluation result (evaluation result letter) at the end of evaluation period.
• Successful proposals will be invited to Grant Agreement preparation process (GAP); the other ones will be put on the reserve list or rejected.
### Award criteria & thresholds

- **Relevance:** clarity and consistency of project, objectives and planning, extent to which they match the call priorities/objectives; contribution to EU strategic and legislative context, transnational dimension, etc.

- **Quality:**
  - Project design and implementation – technical quality, methodology, effectiveness of the work plan, feasibility within time frame, cost effectiveness, clarity of rationale etc.
  - Project team and cooperation arrangements – quality and expertise of Consortium and team, partners role/contribution, procedures, problem-solving mechanisms etc.

- **Impact:** credibility, ambition, expected long-term impact of results on target groups/general public, dissemination strategy, sustainability, relevant KPIs etc.

Tips and tricks for successful proposal (1)

- **Read carefully**[Call document & FAQs.](#) Get to know/prepare templates & annexes.

- **Think like / write for an evaluator: focus / address all award criteria and their elements** - you will be assessed on them.

- **Structure the info** (50-page limit!) – be specific, stay in scope, use quantification and clear presentation of the planned work/tasks, be consistent across the proposal. Write in reader-friendly manner. Avoid long sentences/descriptions & abbreviations.

- **What makes your project special?** Do not repeat what is in the call but describe your proposal’s **specific contribution / particular idea.**

- **Check completeness** of your proposal - remember about annexes – do not forget **Annex 5!**

- **Submit earlier = do not wait until the last minute** with the submission.
Tips and tricks for successful proposal (2)

- **Build detailed and complete budget** – it must reflect deliverables / activities / description in the proposal.
- Prepare **cost-effective budget** – budgetary items must be necessary for the project execution.
- Clearly describe **division of tasks and responsibilities** between partners in the Consortium.
- Remember that – if successful – you will need to execute this in practice - we evaluate the proposals as they are so write as if no further improvements can be made.
- Success = setting **ambitious but realistic goals**.
Tips and tricks for successful proposal (3)

Registration of an organization (at proposal stage)

If you want to participate in a call for proposals or in a call for tenders with eSubmission, your organisation needs to be registered and have a 9-digit Participant Identification Code (PIC). Please quote your PIC in all correspondence with the Commission.

The register contains all participants of EU programmes.

Is your organisation already registered?
PIC search

Please check whether your organisation has already been registered. If so, no need to register it again.

Search a PIC

Register your organisation

To register your organisation or as a natural person, you need to login into the Portal or, if you are a new user, create your account.

Check what information you need to register in the Online Manual - and keep it to hand during the registration procedure. To start registration, click on the button below.

Organisations have to register in the Participant Register.

- Based upon legal documents
- Mandatory for all validated participants
- Financial Capacity Assessment if needed

COMMUNICATION VIA PARTICIPANT REGISTER
REA Central Validation Service (REA CVS)

- Verifies **legal existence and legal statuses** of entities
- Validates the appointment of **Legal Entity Appointed Representatives (LEARs)**
- Validates **legal changes** of validated entities
- Assesses **universal takeovers (UTROs)** of validated entities
- Creates **Legal Entities and Bank Account Files**
- Prepares the **Financial Capacity Assessment** for RAO
- Performs **ownership control analyses** for specific programmes
- Performs ex-post status verifications (e.g. **SME & MID cap status checks**)
Legal validation

• Registration data is verified by REA Central Validation Service before the signature of the Grant Agreement or Contract

• The legal validation of a participant in the Single Electronic Data Interchange Area (SEDIA) is done once, when the entity has to sign its first Grant Agreement or Contract

• It is reused for future participations in EU grant and procurement actions
Validation Rules

• Validation is always performed on the basis of supporting documents, in accordance to EU Financial Regulation and the Rules on Legal Entity Validation, LEAR Appointment and Financial Capacity Assessment for EU Grants and Tenders.

• Validation is required for all beneficiaries and affiliated entities.

• PICs of affiliated entities, frequently included in the consortium during the GAP, must be introduced in the Funding & Tenders Portal's Grant Management Service System.
Legal Entity Validation Documents

- **Legal Entity Form** (template to be completed, dated, stamped and signed)
- **VAT extract** (< 6 months)
  - *If not registered for VAT – proof of VAT exemption*

- **Registration extract** (<6 months) – for private law bodies
- **Law/decree/decision** – for public law bodies
- **Treaty** – for international organisations
- **Statutes** – for non-profit organisations

- **Financial Identification Form** (if BAF requested)
All communication to -and from- participants is exclusively managed through the Participant Register.

Dear User,

You have been granted the role of Self Registrant for the organisation arquicios.

In order to access your organisation data on the Funding & Tenders Portal/Supplier portal, you need to log in on the F&T Portal/Supplier Portal. If you did not have an EU Login yet, it was launched automatically for a separate e-mail with a hyperlink to finalise your account.

For more information on the Funding & Tenders Portal roles, please refer to the Online Manual if you participate in the programmes managed on the Funding & Tenders Portal.

For more information on the roles for e-Procurement, please refer to the e-Procurement wiki page, if you participate in a tender call.

With kind regards,

- Elaborated in detail in the proposal (objectives, conditions, modality, etc);
- Transparency (no conflict of interest, criteria pre-defined, etc).
E. Indirect costs

- **Running or operating costs (overheads)**
  - Not directly linked to the action implementation and not to be attributed directly to it;
  - Reimbursed at the flat-rate of 7% of the eligible direct costs;
  - Automatically calculated by the IT system applying the rate of 7% to the sum of the eligible costs;
  - Example: stationery, rent of the office, utilities, phones calls, etc;
  - No breakdown of these costs is required.
Specific cost eligibility

**VAT**

- Non-deductible VAT is eligible
- Not eligible if refunded by acting public authority

**Kick-off meetings**

- Eligible, if the meeting takes place after project starting date

**Project websites**

- Communication costs - eligible
- Costs for separate project websites – not eligible

**In-kind contributions**: only if cost neutral
Project income

- EU contribution (grant): **100% for FSTP and 90% for all other cost categories**

- Revenues and contributions by third parties:
  
  ✓ **Income generated by the action** such as *direct revenues* or *receipts* (e.g. conference participants fees, sales of books); but **No-profit rule** — Grants may **NOT** give a profit (i.e. surplus of revenues + EU grant over costs). This will be checked by us at the end of the project.

  ✓ **In kind (for free) contributions** from third parties (cannot be declared as cost)

- Own resources or the own contribution of the beneficiary
